

Calibration Services Capabilities

LABORATORY	CALIBRATION CAPABILITIES	
MASS & DENSITY	<ul style="list-style-type: none"> - electronic weighing machines - mechanical weighing machines - analytical balances - platform weighing machines 	<ul style="list-style-type: none"> - standard weights (OIML Class F1, F2, M1, M2) - density meters - etc.
TEMPERATURE & HUMIDITY	<ul style="list-style-type: none"> - thermometers - thermocouples - thermistors - PRTs - water baths - ovens - incubators, autoclaves - dew point meters 	<ul style="list-style-type: none"> - cooling chambers - humidity meters - humidity gauges - hydrometers - temperature and humidity recorders - fridges & refrigerators - etc.
PRESSURE & FLOW	<ul style="list-style-type: none"> - pressure calibrators - manometers - relative pressure transducers - differential pressure transducers - pressure gauges 	<ul style="list-style-type: none"> - pressure meters - pressure indicators and recorders - vacuum gauges - flow meters - etc.
DIMENSION & VOLUME	<ul style="list-style-type: none"> - dial gauges - dial indicators - gauge blocks - squares - micrometers (inside – outside) - vernier calipers - height gauges - rulers, meters - levels 	<ul style="list-style-type: none"> - angle - parts dimensioning - squareness measurements - flatness measurements - volumetric cylinders - volumetric flasks - pipettes - glassware - etc.
FORCE & TORQUE	<ul style="list-style-type: none"> - compression machines - presses - tensile machines - proving rings 	<ul style="list-style-type: none"> - load cells - force indicators - torque wrench - etc.
ELECTRICAL	<ul style="list-style-type: none"> - AC/DC voltmeters - AC/DC ammeters - clampmeters - multimeters - resistance meters - insulation testers - oscilloscopes 	<ul style="list-style-type: none"> - signal generators - power meters - filters - potentiometers - sound meters - timers - etc.
GENERAL	<ul style="list-style-type: none"> - pH meters - conductivity meters - tds meters 	<ul style="list-style-type: none"> - chlorine meters - tachometers (rpm meters) - etc

On-site calibration services are provided throughout the country.
