

Our Services for Food Industry, Restaurants and F&B Providers

Quality and safety are key drivers in the food value chain. GTM sarl, part of GlobeTech Group, provides the food industry, restaurants and F&B providers in Lebanon with specialized **Calibration** services to ensure their compliance with local and international regulations, HACCP, ISO 22000 and other requirements.

GlobeTech is a leading provider of analysis, testing and calibration services to restaurants, catering, food and agricultural industry in Europe and in the Middle East, offering expertise in relevant regulations and standards such as ISO and HACCP. Our experienced and professional team works closely with your technical and quality assurance departments to ensure you meet the required standards.

GlobeTech calibration laboratories are fully **accredited** and operate in accordance with the EN ISO / IEC 17025 standards.

In Lebanon, **GTM** sarl is dedicated to assist service providers and industries in developing, implementing and maintaining the quality and safety of their production at every stage (including primary production, transportation, logistics and trade, processors and suppliers, retail and hospitality, etc.).

GTM provides in particular:

- Calibration of all types of instruments and equipment on-site and in the laboratory (scheduled periodic calibration) such as:
 - Thermometers
 - Scales (ميازين)
 - Ovens
 - Weights (أوزان)
 - Cold rooms
 - Refrigerators
 - Incubators
 - Sensors
 - Sterilizers
 - Pressure gauges, etc.
- Measurements for Health, Safety and Environment including emissions, slipperiness, illumination, air quality, dust and noise etc.
